BUFFALO BRAND STOCK MIXES

- These mixes are typically kept in stock, but inventory can change rapidly during certain times of the year, so we highly recommend calling ahead to confirm
- Mixture formulations are subject to change based on seed markets and supply

- A tough and durable blend of elite varieties of Turf-type Tall Fescues
- Performs well in most environments and requires minimal care
- Rich dark green color and dense, uniform turf that bounces back from traffic and heavy use
- An excellent choice for playgrounds, parks, athletic fields, golf courses, business lots and home lawns
- Highly adaptable with a wide range of pH tolerances

MIXTURE FORMULATION

3-Way Blend of Elite Turf-type Tall Fescues with excellent disease tolerance and turf uniformity.

- Drill Seeding Rate: 8-12 lbs. per 1000 sq. ft.
- Recommended Planting Depth: ¼ - ½ inch
- Available in 50, 25, and 5 lb. bags
